

# REDUCE, REUSE & RECYCLE TIPS

## #Easter Crafts

Get some inspiration for making your own Easter or spring themed crafts, and help the environment by using up your unwanted waste!

Make your own bunny from an old coffee cup or yoghurt pot. Add ears and draw some teeth, nose and eyes. You could use this for collecting mini-chocolate eggs on an egg hunt around your home or garden.

Perhaps you could make your own planter out of an old plastic bottle? Share your ideas with us and the other Eco Learners!

Share pictures of your  
**#missioncomplete**  
with us!

Use old scrap paper, or empty plastic bottles to make petals for flowers. Overlay different colours and fasten with a split pin or some colourful wool.
